

PILOT MURAL PROJECT

The City of Gladstone believes its most significant tourism impact comes from visitors discovering what is going on in the city. By highlighting opportunities to explore Gladstone, the intention is for visitors to invite their friends and return for further exploration. Tourism projects are moving forward now to “set the table” as Gladstone continues to grow and build out more structure and features. Beautification strives to draw in locals from surrounding areas and aims for visitors to leave with a positive experience and excitement to return.

In line with the Tourism Strategy, the City of Gladstone is committed to promotional efforts with a strategic investment in the revitalization and beautification of the city. To lead this effort, Gladstone is launching a pilot mural project to encourage visitors to explore and discover more about the city and identified tourism themes.

Mural-making is a powerful avenue to engage artists and transform public spaces where visitors wander. A pilot mural project will work with the community to design and implement two high-quality outdoor painted murals that reflect the tourism themes and content highlighted by the community. Two murals will focus on the theme of ‘Postcards of Gladstone’ with the subtext of “glad to be here!” Accompanying will be reproductions of the actual mural as printed postcards for distribution by various partners with licensing permission approved by selected artist. As a direct extension of the Tourism Strategy and brand, one mural will be designed and installed by Rotator Creative. A second mural will be designed by an artist chosen by review committee.

Executed murals will serve as a tourist attraction and can provide an avenue for community engagement. As such, the city tourism consultant and tourism strategy partners will host community engagement opportunities on March 27, 2023, for guidance and direction on two murals. The City of Gladstone will consider all replies to call for artists. Artist will be chosen through a selective process and determined by committee.

Call for artists will be posted on March 20th for two weeks. Selected artist will be notified by April 14, 2023. Mural will be completed by June 30, 2023. The City of Gladstone will provide the selected artist with funding for supplies, artist compensation, technical support, city coordination, promotion, and assistance not to exceed \$10,000 with an itemized budget. The mural will be within city sign code parameters, not to exceed 240 square feet. Artist will paint on MDO with the art to be fastened to an approved site.

☐ Call for artist:

The City of Gladstone is seeking a qualified artist to design, paint and install a mural to highlight one identified tourism theme. The mural will be within city sign code parameters, not to exceed 240 square feet. Artist will paint on MDO with the art to be fastened to an approved site. MDO material and fasteners will be provided by the City of Gladstone.
